

Aurelia White Aluminium Venetian Blind

SKU: TMPL2878

Dating back to the early 1700s in Persia, Venetian blinds have long had universal appeal. Originally made from 5cm strips of wood tied together with cloth ribbons, they were - and are - a great way to control light levels in the room. As is common now, these are made from lighter-weight material and more subtle hanging rope so they're easy to mount and have a more lowkey presence in your decor.
